In the name of Allah

### If you master these word lists, you need to know only 2 out of 9 in each line of the Holy Qur'an

(based on statistical average using a typical Qur'anic Mushaf containing 600 pages, with each page having 15 lines).

1. The words given in this booklet account for 82.6% (64282) of the total words (approx. 77800) of the Holy Qur'an.
2. The words listed in the first six pages occur very frequently. Some of them occur in combination with each other. They constitute a whopping 41.5% (32263) of the total words.
3. The number next to the noun (pages 7-14) or the verb (pages 15-33) shows the number of times that noun or the verb (in its various forms) has occurred in the Holy Qur'an.
4. For each verb, the past tense, the imperfect tense, the imperative, the active participle and the verbal noun are provided. It is assumed that based on this information, you can reproduce the whole verb table. Sample tables are provided at the end of this booklet.
5. For each word, the most common meanings are given. Some words may have other meanings too, depending upon their context. However, the number of such words is very small.

#### Abbreviations

In the name of Allah, Most Beneficent, Most Merciful

#### PREFACE

All praise be to Allah, and may peace and blessings of Allah be upon his Prophet, Muhammad. Allah says very explicitly in His Book, " (This is) a Book (the Qur'an) which We have sent down to you, full of blessings that they may ponder over its verses, and that men of understanding may remember [38:29]." If we don't understand the Book, how can we ponder on its verses! The Prophet of Allah, Muhammad, pbuh, said, "The best among you are those who have learnt the Qur'an and teach it (to others)" [Bukhari].

This booklet is prepared to give at least some help in fulfilling the above-mentioned objectives. Please keep the following points in mind (in addition to those listed on the back cover) while studying this booklet:

1. When there are more than one distinctly different meanings of a word, a semicolon is placed between the two meanings. For similar meanings, a comma is placed between the meanings. For example: (eye: spring عَيْنٌ) and (above, up عَالَى).
2. If the last letter of a word given in this booklet does not have a vowel sign ( َ ِ ُ ), it indicates that any vowel sign can come on it depending upon the context in which that word is used. If ِ occurs before the word, then *Tanween* ( ً ) is not used.
3. At the bottom left of the page, total is provided for the number of times the words of that page have occurred in the Qur'an. The bottom right

shows the percent of the total Qur'anic words that you have learnt so far, if you have memorized the meanings the words till that page.

4. In almost every case, the words are arranged alphabetically to make the search easy.
5. The word forms related to dual number and feminine gender are used sparingly in the Holy Qur'an. Therefore, these forms may be given less emphasis in the beginning stages.
6. A star (\*) is placed next to selected verbs. All the verbal forms of such verbs are provided in detail in a separate booklet, "Some Important Verbs Used in the Holy Qur'an."
7. For almost every verb type, samples of the معروف forms (active voice) are provided in the first line those of the مجهول forms (passive voice) in the last.
8. Just like in any language, some verbs and nouns of action are always followed by a preposition. For example, believe in: اٰمَنَ بِ . However, in some cases, a change in preposition may change the meanings too. for example, get; get in; get at; get by, get off, get on, etc. A list of some important verbs along with changing prepositions is provided on page no. 34.

#### Acknowledgements

Many people have contributed in the compilation of this booklet. I have received significant help on different aspects of this work from my wife, Tabinda Tahseen, and from my colleagues, Dr. M.A. Mohiuddin, Mr. M. Na'eamuddin, and Mr. M. AbdulBari. May Allah reward them all.
